Dear Chief Scott ,

We are writing to both thank and commend SFPD for their professional, courteous and courageous assistance on Saturday, January 23, 2021, at the Walk for Life West Coast. It seems as if every year we write the same letter: how great you are, how much we owe to the men and women of the SFPD, and how it would not be possible for us to safely exercise our constitutional rights without the protection of the SFPD. **But we write it every year because it's true every year!**

This year, what with Covid and the anger surrounding our politics, we were a little more concerned than we usually are. But with your men and women on the job, everything went smooth as silk. Chief Scott, sometimes it is hard for us to convey to you how much that means to us. We're human, we worry, but the SFPD always takes care of us!

It really does our hearts good to see families taking photographs with police officers, kids crowded around officers and the thousands of participants thanking your officers for a job well done. It is the way it should always be – kids looking up to men and women in uniform. Your officers seem to like it too! We of course could not have our rally this year, but every other year one of the biggest cheers comes when we ask the people to show their appreciation to your officers

This year marked the 17th Walk for Life and it continues to be a great pleasure (and honor) for us to work in coordination with your Department. You should be proud of them. As San Franciscans, we sure are!

Sincerely,
